PROFESSIONAL EXPERIENCE

Assistant Digital Consultant

JUN 2026 – PRESENT

Mace Consult · Riyadh, KSA

- Support subject-matter experts and engineering teams with digital workflows and tools.
- Produce digital presentations, renderings and visual materials for project reviews.
- Support drawing and submittal reviews, and train colleagues on new digital tools.
- Use AI to build dashboards, progress reports and formula-driven Excel trackers faster.
- Self-initiated and built Revyxa in ~5 weeks using AI-assisted development (Claude Code): a web app for reviewing, coding and commenting on consultant drawing submissions and tracking progress against deadlines. Now piloted by a discipline team on a live project.

Architect / 3D Visualizer

OCT 2022 – JUN 2026

East Consulting Engineering Company · Riyadh, KSA

- Co-designed concept proposals for high-rise mixed-use hotels and large-scale real estate projects.
- Developed computer-generated visual materials to support architectural presentations.
- Spearheaded a visualization workflow that reduced rendering time by over 65%, allowing quicker design iterations and faster project delivery.
- Integrated AI tools to streamline the early design phase, allowing quicker iteration of ideas and visuals.

Freelance Architect / 3D Visualizer

NOV 2021 – OCT 2022

Self-employed · Malolos City

- Designed residential and renovation projects from concept to drawings.
- Produced 3D renderings and provided consultation for an interior design firm.
- Assisted in construction and implementation for client projects.

Architect

MAY 2018 – NOV 2021

Bulacan State University – Project Management Office · Malolos City

- Developed design proposals and prepared contract and construction drawings.
- Coordinated with consultants for multidisciplinary drawing completion.
- Conducted site inspections to assess progress, quality and compliance.
- Reviewed shop drawings, specifications and contractor material submittals.

Project Designer

JAN 2017 – APR 2018

Magnifico Jeans Inc. · Quezon City

- Assisted in project planning, design development and documentation.
- Prepared technical specifications and working drawings for approval and construction.
- Produced 3D visualizations from 2D drawings.

Junior Architect

JUN 2016 – DEC 2016

Irzh Builders & Services, Inc. · Malolos City

- Supported pre-design and data gathering with architects and engineering teams.
- Assisted in preparing architectural and engineering plans and specifications.
